### A Note on our Food Practices

We care about our ingredients and that's why we use locally grown ingredients where available. Most of our chicken, beef, pork, goat, lamb, turkey, and eggs are raised locally and with farming practices we support. We use local milk, locally milled flour, and we source local produce from dozens of farmers. Our breads are scratch-baked locally. We make our own sauces, dressings, and all our dishes from scratch in our kitchen. We make all our dishes to order with fresh local ingredients on real cooking equipment (no microwaves) – and real food takes a little longer to do well – so thank you for your patience as we prepare your meal.

*\*Please be advised: Consuming raw or undercooked meat, poultry, seafood, shellfish or eggs may increase your risk of food borne illness.*
